APICS CPIM PART 1

CERTIFIED IN PLANNING INVENTORY MANAGEMENT

No matter where you are in your career, earning the APICS CPIM certification will demonstrate your mastery of knowledge & skills in planning & inventory management.

Recognized as the standard of professional competence in production and inventory management, companies rely on Certified in Planning and Inventory Management (CPIM) designees to maximize ROI and increase customer satisfaction.

Iwan Nova is an Associate Consultant in PQM Consultants who specializes in the area of Productivity and Quality Improvement and Standard based Management System. Iwan was graduated from Institut Teknologi Bandung (ITB) majoring in Electronic Engineering, MBA from Monash University, CPIM (Certified Production & Inventory Management) since 2005 and CSCP (Certified Supply Chain Professional) from APICS The Association for Operation Management since 2008. Since 2002 Iwan has started delivering APICS program. He had joined various trainings in foreign countries like Malaysia, China, Japan & USA, in the field of manufacturing process & control system, total quality management, production process, and APICS certified instructor.
